

# Theoretical Physics at IF PAN

Emilia Witkowska  
Institute of Physics Polish Academy of Sciences  
Aleja Lotników 32/46 02-668 Warsaw

October 2023 marks the seventieth anniversary of the establishment of the Institute of Physics of the Polish Academy of Sciences (IF PAN) in Warsaw, Poland. On this occasion, I will present the past and the current profile of IF PAN. I will highlight recent research results integrating them with the historical facts and anecdotes concerning the first scientific environment and facilities as well as the creation of scientific divisions. Finally, I will put special emphasis on the research activities of the relatively newly formed division of theoretical physics.
